Introductions

See list of attendees above. Vice President Steven Thompson presided over the meeting and took notes for Secretary Teresa Platin who was out of town on a value study. Ann Jamison, AVS (HNTB) was noted as a first time attendee/new chapter member. As a courtesy the Chapter purchased Ann's dinner to welcome her to the meetings.

AV Equipment

John Langer provided a briefing on the status of AV equipment. The items discussed in the previous meeting, except the projector have been purchased. The projector was out of stock, so John received a rain check. Due to limited stock availability, we may need to research, and purchase a different model/brand.

Continuing Conversation: SAVE Chapter Value

The group continued the conversation from earlier meetings regarding the value that the SAVE Cascadia chapter provides. High-valued items from this discussion are networking, learning, and fun.

Presentation: Snohomish County Courthouse Value Study, by John Langer (John Langer Consulting)

John's presentation is posted on the website along with these notes.
